

Mission

The Association Vis Grandis Partage (Live! Grow! Share!) has the objective of developing a global approach to education, health and well-being in the service of all.

Serving children, adolescents, adults and families, it seeks to encourage the harmonious development of mental, physical, psychological, spiritual and social faculties.

Promoting a simple, balanced and healthy life style, using proven natural, non-esoteric methods, in accordance with biblical ethics, values and principles, is also part of its mission.

The association aims to develop projects in all areas that could be useful for families and the community in a spirit of hospitality, service and respect for individual freedom of choice.

Values

discovery, respect and love of:
oneself, others,
God and nature

sense of service and sharing of
experiences

5 ASPECTS / 3 AREAS OF ACTIVITY

Body, mind, emotions, spirituality and social interactions make up human beings.

Cultivating these faculties helps us to grow and to promote good health.

In order to reach these objectives, 3 areas of activity are offered:
health (Live!), education and training (Grow!), coming together (Share!).

HEALTH: TAKING CARE

Health professionals (doctors, nurses, midwives, physiotherapists,...) could be consulted at the Life Center.

Taking care also means to do yourself some good. This could be done by benefitting from massages, a hairdresser's service, counselling, psychotherapy, arts, physical and sports activities, etc.

Medical consultation

Nutrition

EDUCATION AND TRAINING: LEARNING

Compulsory education will be covered by the school. The Life Center will promote learning and opportunities for new discoveries.

E-learning will reinforce those two entities.

School

Physical activities

MEETING TOGETHER: BEING LINKED

The cafeteria and parents-children area, the garden with permaculture, farming with animals, intergenerational groups, sharing of experiences and competences, and meals on wheels services are a means of connecting, helping and getting to know each other.

Meeting all generations

Services to elders
